About the Programme

The Centre for Defence & Security Studies (CDSS) under the School of Global Studies, Central University of Kerala, is organizing and conducting a sensitization programme on India's National Security for Students of all levels. National Security Studies are essential as India has taken a forefront role in Global affairs to sustain economic growth and its position in the World Order, which would cause India to face various security Challenges of multiple dimensions. The shift from Traditional Security threats to Non-Traditional Security threats like terrorism, piracy, cyber terrorism, natural disasters, human trafficking, etc., has also made it pertinent to advance the studies in this field. Given the multiplicity of security challenges that India faces, it is important to investigate the nature and scope of these challenges. The Centre aims to promote knowledge among the Younger Generation about India's National Security, Challenges to National Security and its various dimensions. The programme plans to establish among the Students and Youth the role they can play in securing the National Security of India.

About the CDSS

The Centre for Defence & Security Studies (CDSS) is an endeavour of the School of Global Studies dedicated to independent, in-depth research, analysis, commentary and discussion on issues of significance within the broad context of National Defence and Security with the objective of to enhance quality and innovation in Defence and National Security studies.

The major objectives of the Centre are to initiate interdisciplinary studies in the realm of national security, defence and strategic studies and to undertake specific research projects pertaining to the challenges to India's national security. It also intends to foster links with the international security and defence community, the Indian Ministry of Defence, other related government departments, the defence/ diplomatic community and the media and also to ensure their interfaces in the areas of defence and national security. The centre shall endeavour to set up collaborative research ventures with defence/security institutions in India and abroad.

Core Areas of Research

- National Security
- Human Security
- Trans-National Alliances
- India's Strategic Culture (Ancient to Modern)
- Maritime Security
- Indo-Pacific & Indian Ocean Region
